Aims and objectives of this presentation
Sling surgery is now the golden standard for stress incontinence in women. This session will deal with innovation, complications and new things in this field.

Poster viewing of 20 minutes. Presentations will take place on stage. Standard presentations are 2 minutes in length, followed by 2 minutes for discussion.

1. **Is detrusor contraction really necessary for female micturition?**
   By: Kira S., Kobayashi H., Haneda Y., Sawada N., Mitsui T., Takeda M.
   Institutes: University of Yamanashi, Dept. of Urology, Chuo, Japan

2. **Three and six month results from a randomized, controlled clinical trial of an intravesical pressure-attenuation balloon system for the treatment of female stress urinary incontinence (SUI)**
   By: De Wachter S., Wyndaele J-J., Tommaselli G., Angioli R., De Wildt M., Everaert K., Michielsen D., Van Koeveringe G.
   Institutes: University of Antwerp, Dept. of Urology, Antwerp, Belgium, University Degli Studi Di Napoli "Federico II", Dept. of Obstetrics and Gynecology, Naples, Italy, Universita Di Roma Campus Biomedico, Dept. of Obstetrics and Gynecology, Rome, Italy, Catharina ziekenhuis, Dept. of Urology, Eindhoven, The Netherlands, Ghent University Hospital, Dept. of Urology, Gent, Belgium, UZ Brussel, Dept. of Urology, Brussels, Belgium, Maastricht University Medical Centre, Dept. of Urology, Maastricht, The Netherlands

3. **Mid-term outcomes following sub-urethral synthetic sling removal in women**
   By: Foster J., Singla N., Aggarwal H., Alhalabi F., Lemack G., Zimmern P.
   Institutes: Ut Southwestern Medical Center, Dept. of Urology, Dallas, United States of America

4. **Treatment satisfaction and patients' perception of pulsed magnetic stimulation for female stress urinary incontinence**
   By: Lim R., Liong M.L., Leong W.S., Abdul Karim Khan N., Yuen K.H.
   Institutes: Universiti Sains Malaysia, School of Pharmaceutical Sciences, Penang, Malaysia, Lam Wah Ee Hospital, Dept. of Urology, Penang, Malaysia, Island Hospital, Dept. of Urology, Penang, Malaysia

5. **Urodynamic examinations performed before stress incontinence surgery in female patients: Cost analysis in Italy**
   By: Patruno G., Del Fabbro D., Petta F., Vespasiani G., Serati M., Finazzi Agrò E.
   Institutes: Policlinico Tor Vergata Roma, Dept. of Urology, Rome, Italy, University of Insubria, Dept. of Gynaecology, Varese, Italy

6. **Safety and efficacy of REMEEX sling system for female urinary incontinence and feasibility of readjustment**
   By: Jo J.K., Lee Y.I., Lee S.W., Kim J.H., Joeng S.J.
   Institutes: Seoul National University Bundang Hospital, Dept. of Urology, Seongnam-Si, South Korea, Daedong Hospital, Dept. of Urology, Busan-Si, South Korea, Kangwon National University Hospital, Dept. of Urology, Kangwon, South Korea
Poster Session 01

7

Sling procedures for female stress incontinence: Does surgical specialty matter?
By: Löppenberg B.1, Meyer C.1, Hanna N.1, Cole A.1, Vetterlein M.1, Menon M.2, Sammon J.2, Leow J.1, Kibel A.1, Trinh Q-D.1
Institutes: Brigham and Women's Hospital, Dept. of Urologic Surgery and Center For Surgery and Public Health, Boston, United States of America, 2Henry Ford Hospital / Health System, Vattikuti Institute of Urology, Center For Outomes Research, Analytics and Evaluation, Detroit, United States of America

8

Trends in the diagnosis and management of female urinary incontinence in the United States
By: Forde J.1, Chughtai B.1, Stone B.1, Cea M.2, Te A.1, Bishop T.2
Institutes: Weill Cornell Medical College/New York Presbyterian Hospital, Dept. of Urology, New York, United States of America, 2Weill Cornell Medical College/New York Presbyterian Hospital, Dept. of Healthcare Policy & Research, New York, United States of America

9

Laparoscopic approach for artificial urinary sphincter implantation in women with urinary stress incontinence: 10 Years experience
By: Ferreira C., Mandron E., Bryckaert P-E.
Institutes: Clinic Du Pré, Dept. of Urology, Le Mans, France

10

Sacrocolpopexy for post-hysterectomy vaginal vault prolapse: Long term follow-up
By: Illiano E.1, Di Biase M.1, Giannitsas K.2, Zucchi A.1, Lazzeri M.3, Balsamo R.3, Costantini E.1
Institutes: University of Perugia, Dept. of Urology, Perugia, Italy, 2University of Napoli Federico II, Dept. of Urology, Naples, Italy, 3Patras University Hospital, Dept. of Urology, Patras, Greece, Hospital Vita Salute S Raffaele, Dept. of Urology, Milan, Italy

11

Evaluating pad weight gain in asymptomatic women
By: Duffy M., Nicholls C., Gora A., Hamid R., Ockrim J.L., Greenwell T.J., Pakzad M.H.
Institutes: University College London Hospital, Dept. of Urology, London, United Kingdom

12

Does pelvic floor muscle training help to reduce urinary incontinence in elderly women with mild cognitive impairment and Alzheimer's disease?
By: Cho S.T.1, Jung H.B.1, Choi D.K.1, Lee Y.G.1, Kim K.K.1, Kim H.J.2, Na H.R.3
Institutes: Kangnam Sacred Heart Hospital, Dept. of Urology, Seoul, South Korea, 2Dankook University College of Medicine, Dept. of Urology, Cheonan, South Korea, 3Bobath Memorial Hospital, Dept. of Neurology, Seoungnam, South Korea

13

Coital incontinence in women with urinary incontinence: Results from an international cross-sectional study
Institutes: University of Perugia, Dept. of Urology and Andrology Clinic, Department of Surgical and Biomedical Sciences, Naples, Italy, 2University Federico II of Naples, Dept. of Neuroscience, Reproductive Sciences and Dentistry, Naples, Italy, 3Institute of Clinical Sexology, Dept. of Clinical Sexology, Rome, Italy, 4University of Patras Patras, Dept. of Urology Unit Medical School, Patras, Greece, 5Magna Graecia University, Doctorate Research Program, Catanzaro, Italy, 6Don Tonino Bello Hospital, Dept. of Urology, Molfetta, Italy, 7University of Perugia, Dept. of Urology and Andrology Clinic, Perugia, Italy, 8San Carlo Di Nancy Hospital, Dept. of Urogynecology, Rome, Italy, 9Sapienza University of Rome, Faculty of Pharmacy and Medicine, Urology Unit ICOT, Dept. of Medico-Surgical Sciences and Biotechnologies, Latina, Italy, 10ASL CN1, Dept. of Urology, Savigliano, Italy, 11University of Florence, Dept. of Urology and Andrology, Florence, Italy, 12Alexandria University, Dept. of Female Urology, Functional Urology & Voiding Dysfunction, Alexandria, Egypt, 13Tor Vergata University Hospital, Dept. of Experimental Medicine and Surgery, Rome, Italy, 14University of Illinois at Chicago, Dept. of Pelvic Health and Reconstructive Urology, Dept. of Urology, Chicago, Illinois, United States of America
