ESU/ERUS Hands-on training in Robotic surgery

**Location:** Room Asia (Hall B0, level 0)

**Chair:** A.E. Canda, Ankara (TR)

**Aims and objectives of this presentation**
The European School of Urology (ESU) and the EAU Robotic Urology Section (ERUS) offer an intensive hands-on training course. We will provide training using simulators. The main aims of this 90 minutes course are: improving the participants’ control-skills and hand-eye-coordination, as well as an objective benchmarking of console performance and an introduction into standardized surgical steps in robot-assisted procedures.

To be confirmed
