Aims and objectives of this presentation
The European training in basic laparoscopic urological skills (E-BLUS) is a programme offered to residents and urologists who want to improve the basic skills in laparoscopy. It is a unique opportunity to train with international experts in laparoscopy. The E-BLUS programme includes:

• Hands-on training (HOT) sessions of different levels carried out under the guidance of experienced tutors
• A set of training-box exercises developed and validated by the Dutch project Training in Urology (TiU) to train basic skills needed in urological laparoscopy
• E-BLUS examination and certification
• An online theoretical course
