ESU/ESUT Hands-on training in Basic laparoscopic skills

Sunday, 13 March
12:30 - 14:00

Location: Room South America (Hall B0, level 0)
Chair: S. Barmoshe, Brussels (BE)

Aims and objectives of this presentation
In this course basic laparoscopic and suturing skills can be learned and trained. Psychomotor skills such as depth perception and bimanual dexterity are trained by the validated exercises of the European Basic Laparoscopic Urological Skills (E-BLUS) training programme. Experienced laparoscopist-tutors will guide you to master such basic laparoscopy skills as instrument handling, pattern cutting and intracorporal suturing.

This course can be used as an additional training to prepare for the E-BLUS examination. Finally, all remaining questions can be answered and discussed with all tutors including the demonstration of tips and tricks.

G. Pini, Cologno Monzese (MI) (IT)
A. Sempere Gutierrez, Murcia (ES)
A. Papatsoris, Marousi - Athens (GR)
T. Tokas, Hall In Tirol (AT)
T. Kalogeropoulos, Athens (GR)
